Superintendent.

OFFICE OF THE EXECUTIVE ENGINEER, SHIMSHA NEW PROJECT, SHIMSHAPURA.

Notification dated 28th February 1940.

1. Sealed tenders for the purchase of teak wood centrings released from works as per details attached, will be received in the Office of the Executive Engineer, S. N. P., Shimshapura, up to 3 P.M. on Monday the 25th March 1940.

2. Tenders should be superscribed "Tender for the purchase of teak wood centrings released from S. N. P. Works."

3. Tender should be accompanied by a deposit of Rs. 50 in cash.

4. The teak wood centrings with fixtures, etc., complete are kept in the Eelctrical Department Stores near the S. N. P. Office at Shimshapura and may be inspected by the intending tenderers. They should be quoted and accepted in the condition they are at present.

5. The acceptance or rejection of any tender rests with the Chief Electrical Engineer whose decision will be final, without assigning any reason therefor.

6. The acceptance of any of the tenders will be intimated by the Executive Engineer. The deposit of the successful tenderer will be retained for adjustment towards the purchase money and the deposits of the other tenderers will be arranged to be refunded through the Auditor, Electrical Department.

7. The balance of the purchase money (the difference between the accepted tendered amount and the deposit of Rs. 50) should be paid at the office of the Executive Engineer within three days of the acceptance of the tender.

8. The purchaser should make his own arrangements for the transport of the teak wood centrings from the place.

9. Failure to comply with any of the conditions on the part of the successful tenderer will entail forfeiture of the amount deposited by him and the articles re-auctioned at his risk without allowing him any claim for excess realisation thereby.

Teak wood centrings for 50 ft. span with 1/5th raise for 11 arches with fixtures, etc., complete (with fixtures as per details below).	11 Centrings(in 263 pieces of different lengths).
Teak wood planks (one broken)	18 of 7 to $8\frac{1}{2}' \times 1\frac{1}{3} \times 5''$.
